GOODBY TO LIME IN ARMY CAMPS

Flies Like That Disinfectant. Sanitary Inspector on Rio Grande Says.

BROWNSVILLE: Texas - Good by to the good old style of lime wintened army camps.

The use of time was stopped in all camps this morning by orders which Major Bispham, sanitary inspector for the army of the Lower Rin Grande, is med Monday night

"We've discovered that they like white color," said the major. "What we are looking for is something black in the way of discorrectant. The latest idea is lampblack mixed with petroleum. Stories of Sickness Untrue.

"We want Americans to know the exact health and sanitary conditions bere," said the major. "Many wild stories are being sent out about illnessmong the men. All are untrue.

The sauture department of the American arms can promise the American public that there is no repetition of the horrors of 1808. We are ready for anything. Relatives of the soldiers back home may rest easy and not were

OLD TREATY PREVENTED GERMAN-ITALIAN BREAK

PARIS, Aug. 1 - The only reason which has so far prevented Germany from declaring war in Italy, says the Petit Parisien, is a commercial treaty signed by the few countries in 1891 and renewed in 1904. This treaty subordinated Italy to Germany econemically, according to the paper, and it was considered of great importance The Parisien says it understands
